

Marketing Campaigns & Funnels Lead

Integrated campaigns · AI-powered · EU remote

Why I'm the match

Honest, requirement by requirement.

Integrated campaigns & funnels at scale

Multi-channel campaigns at scale: Samsung €6M+/month media; Konecta ~€600K/month on business KPIs.

Data-driven optimisation

GA4, attribution and tracking; e-shop ROAS scaled from 1 to 6 at Samsung.

AI-powered marketing tools

I build AI/agentive automations natively (multi-LLM, MCP) — a step beyond using off-the-shelf AI.

Salesforce (Pardot / Marketing Cloud)

Worked with Salesforce within Google; fast to ramp on the stack, strong on the measurement side.

SaaS / tech marketing (6+ years)

ex-Google, ex-Samsung; scale-up and enterprise marketing operations.

EU timezone · remote

Italy-based, fully remote, comfortable with EU overlap — a natural fit for a Tallinn-HQ team.

WHY CONTACT ME

Brand-scale performance and measurement, plus native AI tooling, in a fully-remote EU senior. I build funnels optimised for pipeline, not vanity metrics — and I ramp fast on new stacks.
